We the class of 1985 dedicate our yearbook to you, our senior advisor, Mr. Dennis Maloney. In doing this we hope to show our sincere appreciation for the advice, direction, and concern that you have given to each one of us in these past six years.

Message To Seniors

Congratulations to the Class of 1985. I salute those of you who have gained that important inner feeling of accomplishment. Receiving a diploma is like jumping from a bridge-you've made the jump, but have yet to hit the water. What type (if any) splash you'll make, will be your decision.

If I could "wish a splash" for each of you, it would be that you would continue with your education. This does not necessarily mean "college", but equally continue in any vocational or training program or self study course. Continue your education, we have only touched the surface. There is much left for you to do. Each day provides for a new beginning. Let today, and each day, be a beginning for that special dream. Enjoy being yourself-do not pretend to be someone that you're not.

May success and satisfaction be with you.

Congratulations

Congratulations on achieving this important milestone in your life. The educational community has provided you with the scholastic tools that you will need to pursue your dreams and ambitions. It is now up to you to take those tools and combine them with your talent, fresh ideas, and energy to create a better town, county, state, nation, and world than the one in which we now live.

As you leave school to work and live within the community of man, I urge you to consider your uniqueness among the living beings of the world. Only mankind has been given the ability to think and reason about our being and our voyage through space on a huge ball called earth. We have the ability to discover new frontiers for the benefit of all nations. We also have the ability to destroy everything in a very few minutes.

You and countless other young people around the world, who have reached your age, have an opportunity to extend mankind's knowledge and experience another step. Good luck as you meet this challenge.

Howdy!

As I applied for AFS, I desperately wanted to go to Texas . . . don't ask me why. When I finally received my papers, there was no TX but a VT that I first looked up somewhere in the Rocky Mountains. After a while I found out that Vermont is a small state in New England. So I ended up with the "Yankees".

Oh, by the way, I am from Switzerland. And if you think Swiss people are the ones with straight blond hair and blue eyes . . . think again. But don't worry, I didn't know anything about Vermont either before I came here, except that people told me: "Oh, you're going to Vermont? It's beautiful there, it looks just like Switzerland!"

Talking about mountains, skiing, farmers, cows, milk and cheese, Vermont and Switzerland are really kind of alike. But the people are very different. I was absolutely surprised how friendly and willing to help people are here, compared to the earnest work-day-faces of the Swiss people, who mostly go their own ways.

The most exciting part of my AFS-year is probably everything around. Mt. Abe. I honestly like going to school here while probably everybody in Switzerland would think I am crazy if I would say something like that about Swiss schools. Our School day goes from 7:50 a.m. to 5:00 p.m., and the worst part are the Saturday mornings at school. And the fact that we have neither activities nor sports, except for two gym lessons a week, makes school life even more boring. Or could you imagine here getting up quickly (!) every morning when the teacher enters the classroom and say all together "good morning, sir"? I tried chewing gum once in a lesson . . . but I tried it only once.

Another difference is the food. But I found that Big Mac and Company are even better than I pictured them in my best nightmare.

People sometimes still think about America as the country of freedom and unlimited opportunities. In a way, there is something true about that. I guess America offers you more than any country I know. I'd like to come back and go to College here. In Vermont, of course . . . Because I LOVERMONT!

P.S. I think you got me "americanized"!

Anne

Anne Marie Weissheimer

Hi there, I'm Anne Marie, one of the AFSers this year. I'm from Brazil, one of the countries "down there."

Lets talk about the differences between my poor big country and America!

The school in Brazil begins in March and ends in November. We just have school a half day, during the morning or afternoon, with usually five periods of 45 minutes each. We also just have 3 years of high school and in each subject we have some classmates that lets us know people a lot better. If it looks good it isn't true because we can't choose which subjects we want to take. We have every year, to do the subjects that are allowed to that grade, which means, wanting to or not, you *have* to take math, physics, biology, portugese and so on every year. And if at the end of the year our grades are not good enough to go to the next year, we have an extra chance to pass. During 2 weeks we do new exams. If we don't pass then, we have to repeat *all* the subjects.

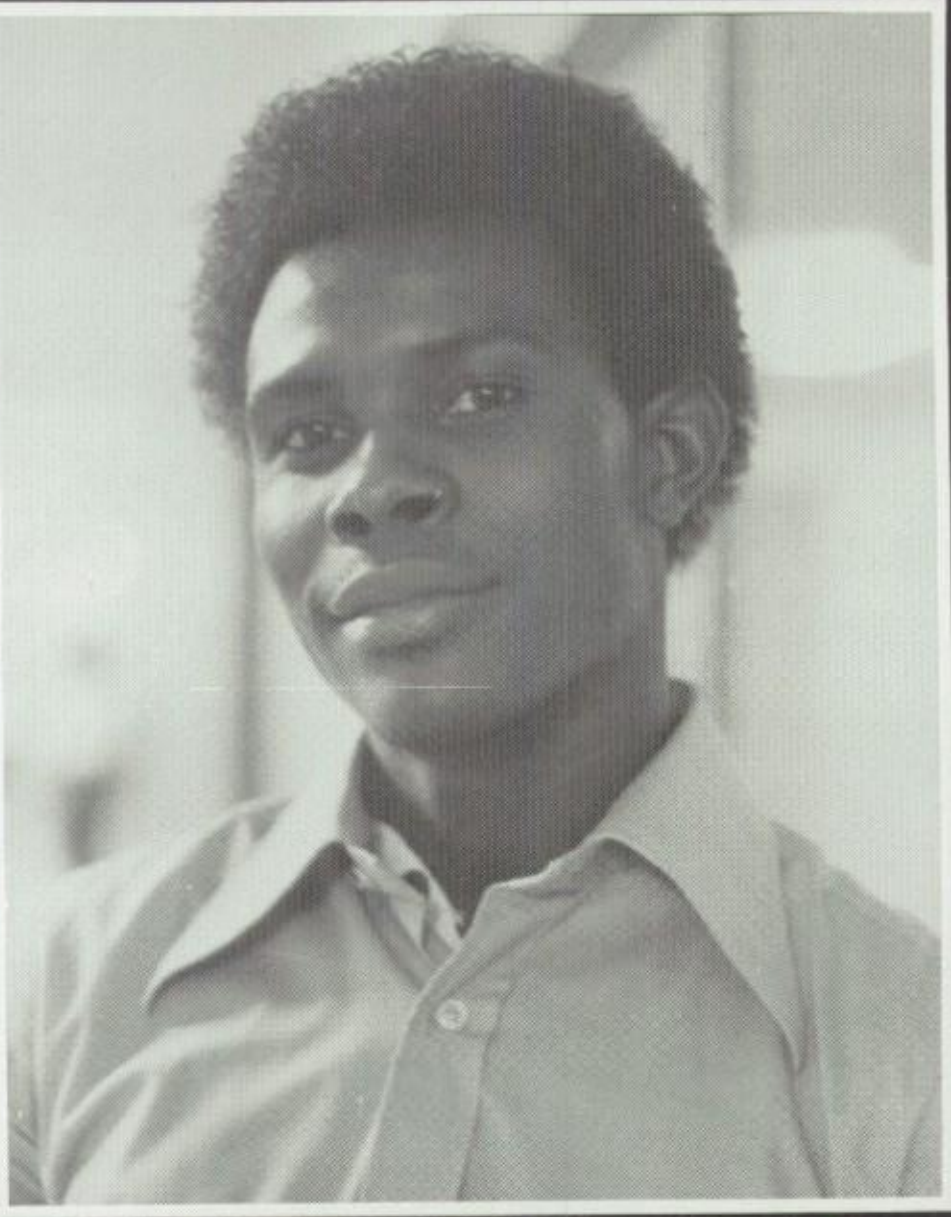
I live in a little city called Agudo. My state is Rio Grande Do Sul, the southern most state in Brazil. In my state there are lots of farms and fields with corn, wheat, rice, tobbaco and oil beans. In the mountains we have a good production of wine.

The food is different too. I never thought that Americans could eat so many Hot dogs nad Hamburgs. The weather is also a big change. I never thought it could get this cold or I would feel this cold. But, despite the cold and everything else, I love Vermont. I like the leaves changing colors, the maple-syrup, lots of mountains, and so many kind people who are giving me lots of love. It's really nice coming from so far away and feeling like I'm at home. When I left my home to come to the U.S.A., a country with another language, way of life and culture, I didn't know what I was going to see. Now, every morning, I'm ready to learn something new that I couldn't learn in books.

THANK YOU VERY MUCH
TO ALL OF YOU.

Anne Marie

Bernard



My name is Bernard Frederic and I am from Haiti. I arrived on August 14th. Vermont is beautiful country, and I love it here. One thing I don't like is the weather because where I am from is a tropical country.

I had fun doing a lot of the same things when I was home. I have met many people that are very nice to me. I can say that Americans know how to share.

The 1984-85 AFS Club sponsored two foreign exchange students this year: Ann from Brazil, and Fraenzi from Switzerland. The club has been involved in many activities throughout the year which have included a pizza party, a hoagie invitational, and an international dinner.

The club was up in membership this year, but I'm hoping to gain more members in the future. The AFS club is planning an interstate exchange during the fall of 1985. We hope it will be a learning experience for all who wish to be involved.

THE BIRD HERD IS STATE CHAMPS!

Captained by senior Alice Weston and juniors Johanna Hunziker and Wendy Fagga, the young Herd grew steadily throughout the season into a strong group of competition hardened veterans. Many personal best marks were established throughout the season, highlighted by Debbie Caruso's school record of 13.1 in the 100m and Johanna Hunzikers' school mark of 52.6 in the 300 m. hurdles.

The 1984 track season ended with the Mt. Abraham Eagle Bird Herd as Division II Vermont State Champions! Mt. Abraham is the first Div. II school to repeat as champion!

The championship was the crowning jewel in an already fine season with the Herd finishing 18-1 in regular meet competition. Our only loss came against Rutland.

Carol Weston spearheaded the Herd's performance at the state meet by winning the discus, the javelin and taking 2nd in the shotput and 3rd in the triple jump. It was a whole team effort as the Herd grabbed two firsts, three 2nds, three thirds, two 4ths, three 5ths, and two 6ths.

Debbie Caruso, Carol Weston, Natasha Perez and Alice Weston all qualified for the New England Championships held at Boston College.

The 1984 varsity baseball team had a good season. The team battled back from a 2-6 start to make playoffs. The team really grew together throughout the season. This was evident in the higher caliber of baseball played the second half of the season. The graduating seniors will be sorely missed, but we look forward to another good season this year.

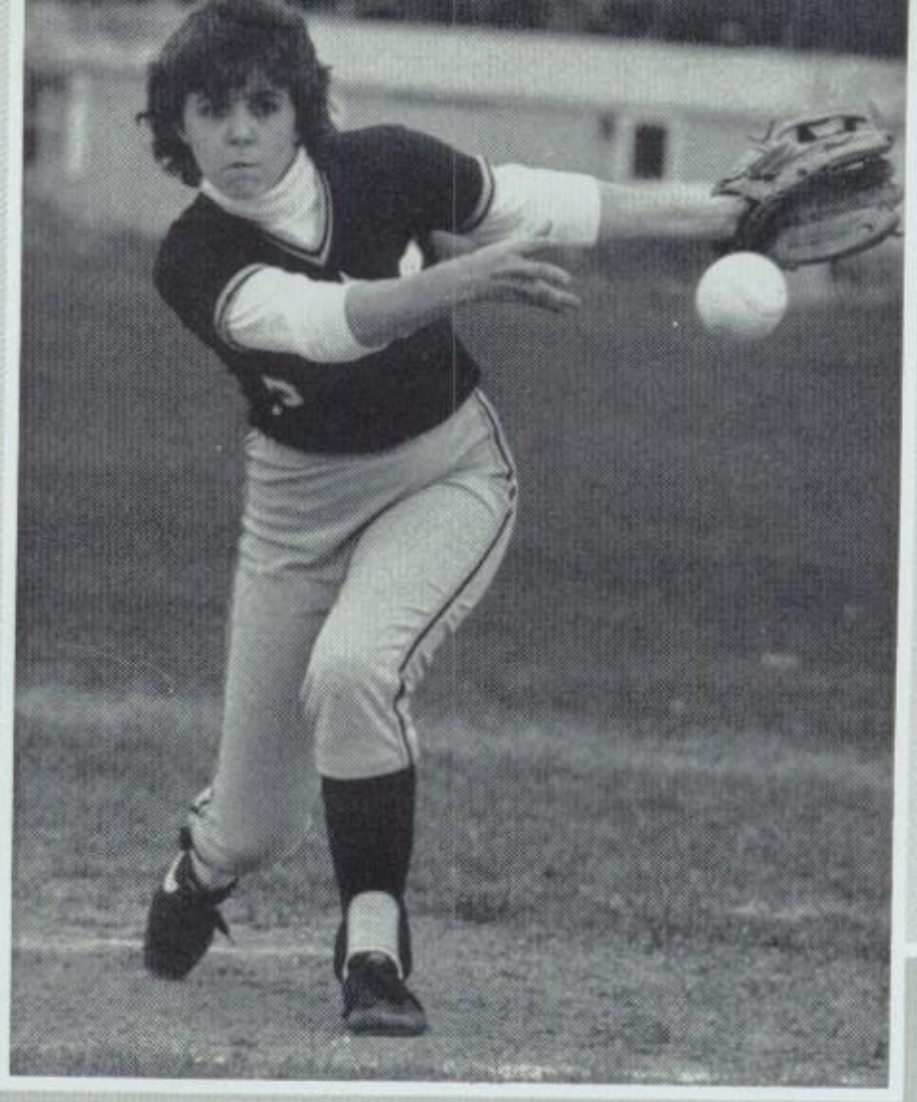
Captains: Genie Prime and Lisa Menard



The 1984 varsity softball season was a very exciting and eventful one. The team consisted of only three returning veteran players and nine untested underclassmen. The team never gave up and was able to qualify for the state playoffs by winning the last game of the regular season. In the playoffs, the team was seated 13TH out of 16 teams. The first game was against #4 Woodstock in which Mt. Abe won by a score of 12 to 11. They then played the #5 team, Randolph, in the quarter-finals and were able to defeat them by a score of 8 to 7. In the semi-finals we faced the #1 team, St. Johnsbury, who defeated us by a score of 6 to 1 and later became the state champions. Special mention must be given to senior Genie Prime. The team rallied many times behind Genie, consequently making for many exciting games.

The Junior High Baseball team had a fine season this year. We had a solid group of hard working players. The team was defensively sound and conscientious. Offensively we could hit a good pitch or let a bad one go. The teams base running awareness was equal to that of a freshman team. Most importantly a good time was had by all.

We started in the heat of August and ended in the snows of Nov. Our members grew to over 30 strong and with the numbers came the desire to improve and excell. The sweat, the pain, the hills, the distance runs, intervals, circuits, ladders and the coach were all blended together to push the body to new limits. Victory came with the hard work, then the sweet taste of winning gave fruit to the knowledge that training does have its rewards. The 1984 X-Country team left behind a winning record that will be hard to duplicate. How ever most importantly it left its impression upon many schools throughout the state. The friendly easy going and positive attitude of the Mt. Abe Eagle runners drew many positive remarks from coaches and athletes throughout the state. Nice going X-country. You were a very bright star in the fall of 1984. Coach Lunna

1984 saw the first full girls varsity and junior varsity squads at Mt. Abraham. While the team had many young competitors, they performed very well and gained valuable experience in a very difficult and demanding sport. With 18 ladies on the senior high squad. The season saw much intra-squad competition for the top 7 varsity spots. Highlights of the season included: 2nd place finishes by both varsity and j.v. at the U-32 invitational div. 2, 2nd place finishes by both varsity and freshmen at the Essex invitational-div. 2, 1st place finish at Burlington invitational div. 2, 7th place finish at the league meet. An overall record of 45-28, and a 10-2 league meet record. Cathy O'Neil was consistently the eagle's best runner, always being competitive in the big meets. Cathi placed 6th at the state meet and 12th at the state meet of champions. She represented Vermont at the New England Championships for the second year. The eagles fall herd returns all but one senior for next year's season. Keep watch for the fall herd continuing to become an establishment on the NVAC and state cross country scene. Coach Straub

The varsity soccer team continued to rebuild this season. Returning will be a good group of young players with basic skills and knowledge of the game. We're looking forward to a competitive season in 1985. We played our best soccer the last half of the year, concentrating on skills and midfield passing.

After a season of many changes, perhaps the best place to begin would be at the end. As in previous years, the Eagles qualified for the State Tournament, and lost in the Quarterfinals. However, to get that far, they handily won a play-off game against Milton. Then, in the Quarterfinal against long-time rival Rice; the Varsity was forced into overtime. In the final minute of the fourth overtime, of which three were sudden death, Rice scored in a muddle. Mt. Abe lost, but for the first time in many years, Mt. Abe's commitment to the game was total. First year players and veterans, whether they played 100 minutes or 5, were poised, aggressive and determined.

The quarterfinal game was a fitting finale, and indicative of the entire calibre of play that the Eagles had persevered to achieve. Poise under pressure must be learned by most players, and with new offensive and defensive strategies, the team spent hours working on small passing game and special situations. As the season progressed, the confidence of individuals grew, creating a team feeling of poise and support.

Much of that poise must be attributed to the seniors who matured dramatically over the summer. The excellence of captains Maeri Howard and Cheryl Grant provided strong quiet leadership that was intense on and off the field. They were aided constantly by ten of their peers who were as dedicated—for the first time in their hockey careers—as the captains. In addition,the improvement of goalie Lee-Anne Atkins—this year's coach's award recipient—in game skills and "quarterbacking" techniques, in addition to unshakeable confidence and determination was a major contribution to the team's overall 9-4-3 record.

League coaches recognized the expertise of the Eagles by naming Lee-Anne Atkins and Cheryl Grant, unanimously, to the All-Star First Team. Maeri Howard, Terri Mayer, and leading scorer Jo-Ann Rathbun were named to the second team. With 12 players graduating, '85 might appear to be a bleak season, but with the improved poise and commitment acquired by the 5 juniors and 3 returning sophomores, the record should be better. Whatever '85 might bring, the blueprint was drawn by this year's seniors. Thank you, ladies.

The Jr. High Soccer team had it's third consecutive winning season this year. Led by Tri Captains Gam Perez, Chad Perlee and Marc Choiniere, the young Eagles had a record of 8 wins, I loss, and I tie. Marc Choiniere and Chad Perlee were the team's Most Valuable Players while goalie Shawn Heisler was the team's Most Improved Player. This year's team made great strides from beginning to end of the season. I have great expectations for these future Mt. Abe. soccer stars.

The J.V. field Hockey Team enjoyed another successful season, compiling an 8-2 record.

This year, sophomores Becky Crane, Michelle Choquette, Deb Bedell, Denise Weaver and freshmen Andrea Cota paced the scoring attack, outscoring their opponent 30 to 5.

Tammy Cousino, Erin Henderson, Jody Rathbun, Tanise Adams and Katie Saunders led a strong defense. Their constant pressure and tackling prevented the opposition from penetrating too deeply into Mt. Abe territory.

Highlights this season included the first J.V. win over a Middlebury field hockey team, and scoring 4 goals in 13 minutes against Rice.

These girls hold a bright future for Mt. Abraham Field Hockey.

The Jr. High field hockey team ended it's season with 3 wins, 3 losses and 4 ties. They came in second place in the tournament held at Mt. Abe. It seemed to be a season where the teams were very evenly matched and games could have gone either way.

I feel it was a fine year for the girls in terms of improvement from beginning to end. From what I saw this year, the future still looks bright for field hockey at Mt. Abe.

The girls varsity basketball team is looking forward to a successful season. They are coming off from a 14-6 season from last year.

We have gotten ourselves off to a nice start thus far at present we are 5-1. We were 5-0 going into a game against Mt. Mansfield. As the paper stated, we were "knocked from the ranks of the Undefeated." However, I feel we'll make a strong come back.

We have two returning seniors, four juniors, one of which is a returnee, and three sophomores with one being a returnee to varsity.

The girls are working hard and have set some very good goals for themselves that I feel can and will be achieved.

All in all we're hoping to play good team basketball and have a successful season.

Overall season 11-9!

Boys Varsity Basketball

The Boys Varsity Basketball team finished the season with just three wins (a small step up from last year's record). The program, headed by first year coach Bill Leggett is thankful to the seniors for the ground work they put in for the future. (Tony Caruso, Mike Cassarino, Brian Chandler, Jim Forgues, Dan Herriman and Jay Masterson.) There is a good core to build around in the coming year with returnees Mike Brown, Tom McKean, Mark Lathrop and Kevin Knox. The Varsity team is looking to become more competitive in the coming year with the additions of Junior Varsity ballplayers coming off an 8-12 season of a much improved team.

The Junior High boys basketball team had a ery productive year this season. By develop- ng their individual skills and putting them to- ether with some very good team work, they ere able to defeat all but one team that they aced.

Everyone on the team scored at one time or nother, thus making the team a very strong ffensive club. However, most of the games ere won due to the aggresive defense played y all.

This group of boys makes the future of Mt. be boys basketball look very good for the near uture.

The team is doing well, despite the lack of numbers. We have 7 wrestlers of which 4 are freshmen, 1 is a sophomore and anchoring the team are Captains Peter Sodano and State Champ Lance Gill. We won the majority of individual matches in the meets we have wrestled. The teams' future looks dim unless we get a greater response from the student body. There will be, however, several 8th graders coming up next year.

"Power, I love it."

"Shut up, Mike."

The theme of our book this year is "A Touch of Class". We have brought forth upon this continent a totally classy, new and different book, conceived in Creativity, and dedicated to the honor of Dennis Maloney. The color pictures, the dynamic metal inlay of our cover, and the vellum tip-ins are just a few examples of our creation.

For the first time in the history of Mt. Abe, there was a class for the sole purpose of creating the yearbook. This class relieved a lot of our burden and enabled us to meet most of the deadlines without trouble. It gave us the opportunity to learn about publishing in a professional manner. Because of the class, Mr. Thelen had the time to show us how to do this quality yearbook work. We strove light years ahead of all previous yearbook efforts because of our dedicated staff and a better company.

There is a great degree of pride held by all of us on the staff. Every page has been carefully planned and worked on by one of us. Each layout artist has left his mark on his work.

Our staff has been very devoted to their efforts to bring this book into your hands. We would like to thank them for the work they have spared us. We would especially like to thank Mr. Thelen for his enthusiastic guidance throughout the year. We wish our exceptional staff all the success in next year's book. We leave the fun, work, (and most of all, power) to next year's editors.

We apoligize for the popular misconception about the existence of three dedicatees. We would like to bring to your attention that our one and only dedicatee is proudly situated on pages two and three.

Finally, we congratulate you, the reader, for purchasing such an outstanding book. We hope you get as much out of it as we put into it.
